

# Columbus Code Camp Needs Your Help

The 2018 Columbus Code Camp will be held on Saturday, October 27 at Rev1 Ventures, 1275 Kinnear Road.

What's a code camp? It's a free daylong volunteer-run vendor-agnostic community event where software developers learn about new technology from their peers. Everyone is welcome to attend and speak, but we need your help to make it happen. We need sponsors to help purchase food and materials for presenters and attendees. We also welcome any promotional material that might be suitable for inclusion in a “swag bag” or for door prizes.

Organized by local developers, the Code Camp follows these principles.

It is:

- Always free for attendees
- By and for the developer community
- Community-developed material
- Only code - no fluff
- Outside working hours

Sessions range from chalk talks to tutorials and more formal presentations. There will be a mix of presenters - some will be experienced public speakers, some may be making their first-ever public presentation.

Typically, over 200 people-from students to seasoned professionals-attend the code camp from around the state. Don't miss this opportunity to put your company's name in front of some of Ohio's brightest software developers.
